The Healthcare Association of Hawaii POLITICAL ACTION COMMITTEE (PAC)

Healthcare Association
of Hawaii

WHY CONTRIBUTE?

You can support HAH's efforts to advocate effectively for our priorities at the legislature.

The Healthcare Association of Hawaii Political Action Committee (HAH PAC) is integral to forwarding the advocacy agenda of the association's members. The HAH PAC was established to complement our legislative activities, and to support legislators who show a commitment to prioritizing the needs of healthcare providers in the state.

Your contribution is a critical part of our advocacy efforts and allows us to more effectively pass (or defeat) legislation that affects your organization every day. Your personal contribution allows HAH to be an even more effective advocate for members by ensuring that we are present at critical events that help us to highlight the needs of our members.

FAQ

How is the HAH PAC different from the federal PACS, like the American Hospital Association (AHA) PAC?

The PACs of HAH's national affiliates – the American Hospital Association and the American Health Care Association – support candidates in federal races. The HAH PAC can contribute only to state candidates.

Checks written to the HAH PAC will be used only for HAH PAC contributions. No money goes to candidates in federal races. You can contribute to federal races via national PACs separately.
