

Hawaii Hospitals Community Health Needs Assessments

Where to Find the Hospital Reports

Go to HAH.org and click on “2013 CHNA Reports” from the main menu for links to statewide, county, and individualized hospital reports.

Participating Hospitals

Twenty-six of 28 Hawaii hospitals, located on all islands except for Niihau, participated in the CHNA project. (Tripler Army Medical Center and the Hawaii State Hospital are not subject to the IRS CHNA requirement and were not a part of this initiative.) Individualized reports from private non-profit hospitals are due to the IRS at the end of each hospital's fiscal year. State hospitals, which participated in the statewide assessment, do not have the same IRS reporting requirement.
