ALIVE INSIDE is a joyous cinematic exploration of music’s capacity to reawaken our souls and uncover the deepest parts of our humanity. Filmmaker Michael Rossato-Bennett chronicles the astonishing experiences of individuals around the country who have been revitalized through the simple experience of listening to music. His camera reveals the uniquely human connection we find in music and how its healing power can triumph where prescription medication falls short.

This stirring documentary follows social worker Dan Cohen, founder of the nonprofit organization Music & Memory, as he fights against a broken healthcare system to demonstrate music's ability to combat memory loss and restore a deep sense of self to those suffering from it.

An uplifting cinematic exploration of music and the mind, ALIVE INSIDE’s inspirational and emotional story left audiences humming, clapping and cheering at the 2014 Sundance Film Festival, where it won the Audience Award.
